

Z8

Professional technology for premium enjoyment

Benefits at a glance

- One-Touch Lungo function for light, aromatic long specialities
- 4.3" high-resolution TFT touch-screen with sophisticated operating concept for intuitive navigation
- Professional Aroma Grinder for ideal grinding results over the entire service life
- Parallel preparation of coffee and milk for a perfect caffè latte

The Z8 represents the ingenuity of Swiss engineering. The new Professional Aroma Grinder guarantees 12.2%* more aroma and consistently high grind quality so that flavours unfold to perfection. The Pulse Extraction Process (P.E.P.®) ensures the optimum extraction time for short specialities such as ristretto and espresso. Creations with milk and milk foam are easy to prepare using fine foam technology by simply touching the precise, 4.3" high-resolution colour touchscreen display. The Z8 is crafted from high-quality materials with painstaking attention to detail. The front and top sections are made of 3-millimetre-thick aluminium. The grooved water tank and chrome-plated coffee spout accentuate the sculptural design.

*Professional Aroma Grinder compared with conventional grinders

SWISS  MADE

Technical overview

Specific advantages

No. of individually programmable specialties	21
One-Touch Lungo function	■
One-Touch function	■
Intelligent water system (I.W.S.®)	■
Automatic switchover from milk to milk foam	■
Compatible with J.O.E.®	■
Rotary Switch	■
Wireless ready	■
Smart Connect supplied as standard	■
Recognition for second, ground coffee	■
Active bean monitoring	■
Monitored drip tray	■
Monitored aroma preservation cover	■
Swiss made	■

JURA standards

Pulse Extraction Process (P.E.P.®)	■
Variable VC brewing unit, from 5g to 16g	■
Intelligent Pre-Brew Aroma System (I.P.B.A.S.®)	■
Grinder	Professional Aroma Grinder
High-performance pump, 15 bar	2
Thermoblock heating system	2
Fluid system	2
JURA fine foam technology	■
Milk system	HP3
Maintenance status display	■
Integrated rinsing, cleaning and descaling programme	■
Integrated milk system rinsing and cleaning programme	■
JURA hygiene: TÜV-certified	■
CLARIS filter cartridge	CLARIS Smart
Energy Save Mode (E.S.M.®)	■
Zero-Energy Switch or power switch	■

Settings and programming options

Programmable and individually adjustable amount of water	■
Programmable and individually adjustable coffee strength	10 levels
Programmable milk/milk foam temperature	10 levels
Programmable amount of milk/milk foam	■
Store, copy and personalise products	■
Programmable brewing temperature	3 levels
Programmable temperature of hot water	3 levels
Programmable switch-off time	■
Shows the number of preparations for each individual product	■

Design and materials

Alu Frame Design® 3 mm	■
Display	TFT touchscreen colour display
Amber/white cup illumination	■
Water tank illumination blue	■
Powder chute for second, ground coffee	■
Sound design	■

In figures

Height- and width-adjustable dual spout	80 – 153 mm / 21 – 50 mm
Water tank capacity	2.4l
Coffee grounds container (servings)	approx. 20
Bean container capacity	280 g
Cable length	ca. 1.1m
Voltage/Power	230 V~ / 2450 W
Stand-by power	0 Wh
Weight	13.4 kg
Dimensions (W×H×D)	32 × 38 × 45 cm
Colour	Aluminium
